

Who makes Aage batteries?

AAGE International is dedicated to advancing an economy fueled by sustainable energy resources, proudly partnering with Axess Power S.r.l (Made in Italy), a leading European battery manufacturer. Our batteries adhere to international IEC, UL, EAC, CE, ISO standards and have received approvals from Qatar's Ministry of QCDD and SSD.

Do solar power plants in Qatar use batteries?

Solar power plants in Qatar predominantly use our batteries. There is literally a daily upgrade as far as the electric vehicles are concerned and this is made possible because of the sturdiness of the batteries we supply. Our batteries are preferred wherever spillage should be zero and a noiseless operation is required.

What type of batteries are used in energy storage?

The High Rated capacity batteries such as 2V Batteries & 6V Batteries were used in this field due to their reliability and consistent performance. Wherever energy storage is required our batteries are used. Large-scale energy storage plants use our batteries to deliver consistent output power.

Where are our batteries used?

Wherever energy storage is required our batteries are used. Large-scale energy storage plants use our batteries to deliver consistent output power. Solar power plants in Qatar predominantly use our batteries.
