

Do batteries rank better than other brands?

Ranking brands is different from ranking batteries, of course, and it turns out to be a lot more complicated. You cannot necessarily trust that every battery made by one brand is automatically better than every comparable battery from any other given brand.

What are the best car battery brands UK?

So, we've told you the best car battery brands UK, for 2024. These are the brands we've chosen to recommend - each brand is the best for their particular price/quality category. So for example, Lion is the best lowest cost brand, Exide the best mid-range brand, and Varta and Bosch are the best higher cost brand.

Does car battery brand matter?

Car battery brand does not matter as long as one buys a battery with specifications declared by the factory of a vehicle. Car manufacturers choose any well-known battery brand which gives them the best price. Do car battery brands matter? Are all car battery brands the same? Is there a difference between car battery brands?

Are all car batteries the same?

Although you can find batteries from different brands with the exact specifications or similar, they are not made 100% equally the same. Let's look at an example of a lead-acid battery. Regardless of the brand, the working principle of a lead-acid battery is the same and also all car battery types are heavy.

Which battery brand is best?

So for example, Lion is the best lowest cost brand, Exide the best mid-range brand, and Varta and Bosch are the best higher cost brand. We reckon if you choose a battery from one of these companies you have the best chance of the battery lasting longer and giving you less hassle.

Who makes the best car battery?

Bosch provide, for example, the best batteries on the market for Ford Focus 's and many other vehicles. Just for one example, the Bosch EFB 027 car battery is the best on the market. Varta are also a German brand, and even older (by one year!), formed in 1887. Unlike Bosch, who make a lot of things, Varta are specialised battery makers.
