Battery Powered Lights in stock at Gear4music. Available from manufacturers including Chauvet and ADJ. Shop online now, get fast delivery and a 3-year warranty.

What are indoor battery operated lamps?

Indoor battery operated lamps allow you to incorporate atmospheric design touches to your living space. Darker areas of rooms can now become the centre of attention with a light that does not need wiring or a plug socket.

Are battery operated lights worth it?

Battery operated lights are a handy way to avoid wiring or using plug sockets, while also saving you paying electrician costs. They are simple and require minimal setup, creating the perfect look in an affordable way.

Can a battery powered outdoor light be used outside?

Whether you're relaxing outside on those long summer nights or keeping warm on a cosy winter's evening, your garden, patio and decking areas can be greatly enhanced with a portable battery powered light. Any outdoor lights need to be resistant to the weather and as such, require a rating of IP44 or above.

What are the benefits of battery-powered light towers?

Lithium batteries provide hours of consistent, bright light throughout the light tower's extended lifespan. And, the absence of engine emissions and noise ensures full environmental compliance in urban locations, making Atlas Copco battery-powered light towers perfect for outdoor events, urban construction sites and industrial areas.
