

Electric soldering iron welding battery price

Where can I buy electric soldering iron?

Buy Electric Soldering Iron and get the best deals at the lowest prices on eBay! Great Savings & Free Delivery / Collection on many items

What is a battery-powered soldering iron?

A battery-powered soldering iron is a handy and easy-to-use tool that costs almost the same as a good quality electric soldering gun*. Another handy feature of these tools is that many of them come with a low energy use LED light which is great for enhanced vision while soldering in dark places or to overcome shadows.

How much does a portable soldering iron cost?

At this point you've almost certainly seen one of these low-cost portable soldering irons, perhaps best exemplified by the TS100, a pocket-sized temperature controlled iron that can be had for as little as \$50 USD from the usual overseas suppliers.

What temperature can a soldering iron be used at?

Max. Temperature: 400°C Max. Temperature: 400°C Max. Temperature: 427°C Max. Temperature: 480°C Max. Temperature: 485°C Max. Temperature: 430°C Max. Temperature: 425°C Max. Temperature: 460°C Max.
