Many thanks for advice guys. I was sure it must be possible as I did it with a small motorbike battery and it worked. My problem is that my boat has 15 6V LA batteries in 3 banks but it is left for many month unused. I don't really like leaving live batteries on her.

Box of 2 PG-12V21 Power Sonic long service life valve regulated lead-acid battery. Same day courier dispatch. Sign-up for dealer prices. Sold & delivered by Battco. The PG-12V21 ...

To maintain flooded lead acid batteries, add water only if the plates are exposed. Fill the water until it covers

the plates. For charged batteries, keep the water 1/8" (3 mm) below the vent well.

If the battery is only rated for 10 amp, and you have a 100 watt rig, that's no good. Most 100 watt rigs pull between 20-25 amps on transmit. Sealed lead acid batteries will provide the needed amps, but they are super heavy. The best light battery widely available right now is a ...

We buy scrap lead acid batteries from scrap metal merchants, ELV operators, battery retailers and waste contractors across Kent. Offering the best scrap battery prices in ...

More people are switching from old lead-acid batteries to new lithium-ion ones. This change is happening in many areas, like RVs, boats, golf carts, and off-grid systems. In RVs, lithium-ion batteries are a big win. They last much longer than lead-acid ones, up to 5,000 cycles. They also use almost all their power, unlike lead-acid which only ...
