First impressions, these are the flattest cells I own. With the grade "b" Eve 304ah cells, you can clearly see the jelly rolls. With the Eve304ah grade "a" cells from 18650Battery store, you can clearly see and feel the jelly rolls. Not quite as pronounced as the grade "b" cells, but clearly there. These new Hithium 314ah cells are ruler flat.
