

What is the waste code for lead acid vehicle batteries?

Things to note Waste classification guidance for lead acid vehicle batteries from households states they must be coded 16 06 01. We are aware that some HWRC permits currently only have waste code 20 01 33 (batteries and accumulators included in 16 06 01, 16 06 02 or 16 06 03 and unsorted batteries and accumulators containing these batteries).

Does a waste lead acid battery contain Pops?

This guidance applies to waste automotive, industrial and portable lead acid batteries. It does not apply to other types of waste battery. The plastic cases of waste lead acid batteries may contain persistent organic pollutants (POPs). You can identify if a waste lead acid battery may contain POPs by checking: Where the battery case is made of :

Can I repack a lead acid battery?

You may only temporarily store or repack waste lead acid batteries containing POPs before: You must also sort lead acid batteries with polypropylene cases, that should not contain POPs, from those with other cases. You must also hold an environmental permit or exemption that allows this activity.

Can I export lead acid batteries under my existing notification?

You can continue to export lead acid batteries under your existing notification if you can prove the following to the Environment Agency. The POPs in the plastic are being destroyed in line with this guidance.

Do I need a permit to use a lead acid battery?

You must also hold an environmental permit or exemption that allows this activity. You must only treat a waste lead acid battery containing POPs for the purpose of separating the POP containing plastic case materials for destruction.

Can I export lead acid batteries from England?

Where POPs will be destroyed, you may include recovery of lead or recycling of plastic that does not contain POPs. The combination of hazardous waste and POPs severely restricts both destination countries and allowed waste management options. You must notify the export of lead acid batteries from England to destinations outside the UK.
