We offer a range of computer hardware, peripherals, networking and communication products, necessary for running a computer setup in any environment - business / home. Our wide range of products includes cables and adapters, networking products, POS equipment, accessories and printer consumables.

InterConnect Malta has announced the launch of tenders for the design and construction of two large-scale Battery Energy Storage Systems (BESS). This initiative ...

Battery capacity is measured in kilowatt hours (kWh) and modern (lithium) battery systems are typically modular and scalable, making it easy to find the right battery to suit your needs. Modular battery systems installed by ...

(Most lithium today is mined from rock, mostly from Australia.) Now, we're working to perfect the process. Sanket, our lithium technology portfolio manager, says it's a lot like baking a cake - we're working to find the right combination of ingredients, temperature and timing that will meet the needs of battery makers and other customers.

There are two UN numbers that cover Lithium Ion batteries: UN3480 covers the battery only (e.g. a replacement battery on its own in a box) UN3481 covers the battery while contained inside another unit (e.g. the battery in a lap top). This information should be indicated by the e-seller but in any case, MaltaPost should

be advised. Aerosols

Lithium iron phosphate battery is characterised by outstanding durability, current performance and charging speed also has a longer lifetime and is a more lightweight alternative to lead ...

Malta spun out from the special projects group at Google's parent company Alphabet and relies on some very old technologies combined in a novel way to provide long-duration energy storage that ...

This pioneering project, the first of its kind in Malta, will not only provide essential electricity storage but also play a crucial role in responding swiftly to balance the grid ...
