

Price list of second and third-tier brand batteries

Where can I buy a car battery?

At Halfords, we're with you for the journey. Get a car battery check, buy a replacement car battery and have it fitted at Halfords or at home. Buy online or in-store!

Where can I buy all batteries online?

Buy All batteries online from Sainsbury's, the same great quality, freshness and choice you'd find in store. Choose from 1 hour delivery slots and collect Nectar points.

Which battery is best for a car?

Absorbent Glass Mat (AGM)batteries are the most advanced batteries you'll find in a car right now,unless you're driving a plug-in hybrid or a fully electric vehicle. AGM batteries are also suitable for cars with start-stop systems,but they offer the potential for many more starts than an EFB battery and will have a longer service life.

Do You stock Halfords car batteries?

We stock our own Halfords rangeor high-performance 12v car batteries alongside premium Yuasa car batteries. Batteries are sold with either a 3,4 or 5 year guarantee (battery dependant). We also stock car battery chargers and charging accessories that will help to maintain the condition of your battery,keeping it working well for longer.

What are the different types of batteries?

Available types include alkaline, lithium, lithium ion (li-ion), silver oxide, NiCd (nickel-cadmium) or NiMH (nickel-metal hydride), to name but a few. The term "primary batteries" is used to refer to disposable versions that can only be used once. When empty, these cannot be reused and should be discarded appropriately.

Is a bigger CCA Battery Worth It?

Up to a point,yes. You will pay more for something with a bigger CCA figure and it's only worth it if your car can use it. Again,it's essential to check using the online search tools,or your car's handbook,to determine which battery is correct for your vehicle. What is a lead-acid battery?
