

# Ranking of Chinese Industrial Battery Enterprises

What is the installed capacity of Power Battery in China?

Data from Askci and GGII showed,the installed capacity of power battery reached about 707.2GWh,an increase of 42 percent year-on-year. Among them,China's installed capacity of power battery accounted for 59 percent,and six of the top 10 enterprises by battery installed capacity are Chinese. Let's take a look at the top 10.

Which Chinese battery companies have increased their capacity in 2025?

Among other companies on the list,only SK On's installed capacity increased by more than 100%,while LG Energy Solution increased by only 6.9%. At present,major Chinese battery companies,including Sunwoda,have started to significantly expand their production capacity. The capacity target of CATL in 2025 is about 600GWh.

Who are the best battery manufacturers in China?

CSPOWER BATTERY TECH CO., LTD. Suzhou Foberria New Energy Technology Co., Ltd. Shenzhen Tcbest Battery Industry Co., Ltd. Hunan Wisdom Technology Co., Ltd. Shandong Lu'ao New Material Technology Co., Ltd

Why is China's biggest battery manufacturer focusing on safety issues?

China's biggest battery manufacturer has urged a focus on safety issues after an explosion at a recycling affiliate,which has drawn attention to the risks in the industry's supply chain.

Which Chinese companies grew the fastest in 2022?

In the first half of 2022,six Chinese companies on the list all have achieved double growth in terms of installed capacity,among which Sunwodagrew the fastest,with an increase of more than six times. Among other companies on the list,only SK On's installed capacity increased by more than 100%,while LG Energy Solution increased by only 6.9%.

Chinese lithium battery industry still lags behind the best industries in the world, such as those in America and South Korea. The dependence on imports and lack of ... 22 listed lithium battery enterprises were analysed to determine the internal factors leading to the low-average technical efficiency. For the third contribution, five leading ...

Under the hot market demand, the shipments of many domestic energy storage lithium battery companies have doubled in 2021, and the ranking has changed significantly compared with 2020. GGII ranks the major domestic energy storage battery companies based on ...

In the first quarter of this year, the top two companies of the rank were both Chinese enterprises. CATL's
