

Roman lithium battery charging cabinet phone

What is a lithium battery charging fire safe?

Phoenix Lithium Battery Charging fire safes offer this proven environment to improve safety in the workplace. Lithium Battery Charging and Storage Cabinets are designed to safely charge and secure lithium-ion batteries by offering an auto closing door, ventilation ducts to reduce heat and fire tested to EN14470-1. For use indoors only.

How do I store my lithium-ion batteries?

Charge your Lithium-ion Batteries or simply store them safely in the Phoenix Battery Commander Fire Safe.

How long does a Phoenix lithium battery fire charging safe last?

Our Phoenix Lithium battery Fire Charging safes offer fire protection for either 60 or 90 minutes, auto closing and locking of the door, visible temperature monitoring, ventilation ducts that are triggered if the internal temperature rises above 75 degrees centigrade and fire alarm systems.
