What accessories do I need for a bespoke solar panel system?

Our range of solar accessories covers everything you need to create a bespoke solar panel system. Everything you require from replacement 12V low energy bulbs and holders to solar power inverters, charge controllers, UV stabilised cable and solar panel mounting brackets.

What is the solar outlet?

Move towards energy independence by harnessing the power of the sun. The Solar Outlet is your specialist "one stop shop" for DIY solar panel kits, inverters and accessories, with a superb range of solar panels and ancillary products in stock sourced from the most trusted names in the renewables industry.

Does the solar outlet accept credit cards?

We accept all major credit cards and bank transfers. See a selection of our latest kits below. The Solar Outlet offer Tier 1 MCS solar panels, accessories and solar battery storage systems that enable you to affordably harness the power of the sun for your home.

How do I choose a portable solar panel?

When choosing a portable solar panel, it's important to consider the device's efficiency, durability, and portability. Look for models with high-efficiency solar cells, which convert a higher percentage of sunlight into energy. Durable construction is also key, as your panel will likely be exposed to the elements.

What are portable solar panels?

Portable solar panels come in a range of sizes and capacities, from compact units that can charge your smartphone or tablet, to larger panels capable of powering laptops or even small appliances. Many models feature built-in solar power banks, allowing you to store energy for use when the sun isn't shining.
