

Where is St John's battery?

The Battery sits on the entrance to the harbour located on the slopes of Signal Hill. Sometimes described as an outpost within the city of St. John's. The area is noted for its steep slopes, colourful houses, and its importance as a battery for the defence of St. John's Harbour in both World Wars.

What is St John's battery known for?

It is sometimes described as an outpost within the city of St. John's and is noted for its steep slopes, and colourful houses. The Battery has been the site, over the centuries, for gun emplacements (batteries), such as Fort Waldegrave, for the defence of St. John's Harbour, including during both World Wars.

What is happening in St. John's Outer Battery?

Residents of St. John's Outer Battery and their supporters have planned a rally outside city hall this afternoon before today's council meeting due to escalating property disputes in the area. Frustrated residents of the Outer Battery will be holding the rally.

Where is the battery in Newfoundland & Labrador?

The Battery is a neighbourhood within the city of St. John's, Newfoundland and Labrador that sits on the entrance to the harbour, on the slopes of Signal Hill. It is sometimes described as an outpost within the city of St. John's and is noted for its steep slopes, and colourful houses.

Why is Crow's Nest Cove called the battery?

Once called Crow's Nest Cove, the area became known as The Battery when military posts were installed here to protect the harbour. This conversion began in the 17th century when defense was needed against the French. But despite numerous battles and wars over the years, The Battery always remained a fishing community.

What is the story of the battery about?

The story of The Battery echoes the dramatic social, cultural and economic changes that have been occurring in outposts throughout Newfoundland and Labrador. Having said that, you can always find local people who are interested in preserving the vernacular architecture and cultural heritage around them.
